## Ready for take off...

The platform you are about to learn has the potential to change the dynamics of your life. Your level of success is directly proportional to your level of engagement with the training, tools and resources that you have access to. Limitations only exist in our minds, so be determined to adopt a winning and growth mindset, and your actions will follow!

# Rewards & Time

- 1) What are your expectations? Ideally, how much do you want to make from this opportunity to make it worthwhile?

# Success & Vision

Where do you want to be (educationally and financially) in the next 3-6 months or 6-12 months? What does your success look like to you?

Your homework is to create a vision board.

Can you take a picture of your vision board and send to me? (Let's put a date on this). [Example 1](#) & [Example 2](#)
